XXIV. THREE MONTH CASH RULE TEST

The three (3) month rule is used by the CDBG Program Office as a guideline to determine whether an Agency is solvent and has enough available cash to take a CDBG project from beginning to end in the twelve months allowed to complete the project. CDBG projects should not harm the day-to-day operations of the Agency, so enough funds must be available for both purposes. Provide the information requested below to demonstrate that your agency has enough cash on hand to operate the proposed project on a reimbursement basis. The cash amount to be listed must be based on the balance sheet of your agency's financial statement submitted with the FY 2013 CDBG Application. Cash cannot include Long Term Investments or Receivables.
